FOREWORD

SWISS ARCHITECT OF TIME

Founded by Hans Noll in Biel/Bienne in 1963, Hanowa celebrates its 60th anniversary in 2023. This year marks six decades of high quality Swiss Made watch-making with utmost attention to timeless designs at the pulse of time.

The heartbeat of all HANOWA watches runs through its distinguished Swiss made movements from renowned Swiss manufacturers. Designed to satisfy the highest demands, high end materials like stainless steel and genuine leather come together to shape fresh color combinations and appealing lines for him and her.

The background of the image is a complex, abstract geometric pattern. It consists of numerous overlapping lines that create a grid-like structure. The lines are primarily black and grey, with some white lines interspersed. The pattern is composed of thick, solid lines and thin, light grey lines, creating a sense of depth and movement. The overall effect is a dynamic, layered composition that resembles a stylized architectural or technical drawing.
